Category	Purpose	Link	Filters Used
Suppressed	To find suppressed items, you can change category, sales rank filter, percentage of time suppressed.	https://keepa.com/#!finder/%7B%22f%22%3A%	100K beauty, $30 min price, min 3 new offer count, BB suppressed 80% of last 90 days
Consistent Pricin	To find products with consistent pricing. Use Buy Box 90d drop % filter to achieve this. Can change the other filters.	https://keepa.com/#!finder/%7B%22f%22%3A%	health & household, 100k rank, consistent pricing (10% range up/down), min 3 new offer count, Amz OOS 80% last 90 days
Declining Sellers	To find charts with declining sellers. See new offer count filters - make numbers closer together to get more products.	https://keepa.com/#!finder/%7B%22f%22%3A%	Amz OOS, Declining new offer count
No Sales Rank	To find no sales rank items that still sell. Check off "No Sales Rank" & use the min reviews filter at a minimum. Can change other filters.	https://keepa.com/#!finder/%7B%22f%22%3A%	sports & outdoors, no sales rank, min 10 reviews, consistent BB (15% range up/down), min 3 new offer count, Amz OOS 70% of last 90
Multipacks	To find multipacks, also used a weight filter. Could also use "bundle" in text field to find bundles instead of multipacks.	https://keepa.com/#!finder/%7B%22f%22%3A%	grocery, 100k rank, consistent pricing (15% range up/down), min 3 new offer count, Amz OOS 50% of last 90, text = "pack", weight < 1,000g (a little over 2 lbs)
Brand	To find brands. You could also use brand filter instead of text field, but this would remove brands labeled incorrectly.	https://keepa.com/#!finder/%7B%22f%22%3A%	text = "funko", no sales rank, min 5 reviews, Amz OOS 70% of last 90 days
Out Of Stock	To find recently OOS items. Use OOS filter & min of 3 avg sellers last 90d. To find OOS items that have been OOS longer, don't use avg sellers 90d filter.	https://keepa.com/#!finder/%7B%22f%22%3A%	currently OOS, 90d avg seller count min of 3, clothing, 1.2M 90d rank, Amz OOS 100% last 90 days, min avg 5 reviews last 90 days
Storefront	To search storefronts, on a product go to Keepa > Data > Offers > "include historical offers" > export > only deeplink. Paste into Storefront Exporter, Paste up to 50 storefronts into KPF	https://keepa.com/#!finder/%7B%22f%22%3A%	50 unique storefronts, no other filters used
